Attachments: 2016.12.16_DRAFT Aerojet VI Work Plan_For EPA Review.pdf

Hi Everyone – The draft Field Sampling Work Plan has been uploaded to the Agency subsite on the CB&I Web Portal. I have also attached it to this e-mail. We decided to incorporate the work plan elements into the FSP for ease of review. The notification will go out to employees on Monday. I will upload it as soon as it is distributed.

Chris

Subject: [EXTERNAL] Shaw portal, documents ready for EPA notification, & site work week of 20-23 Dec
Importance: High

Hi, Chris.

Just wanted to let you know that Mat, Pete, Dan, Joe, and Julie are still waiting for Shaw portal access to retrieve the SAP, WP, and Notification you will be posting today. Can you please get access to Caleb as well for that? Also, so that we know when the SAP/WP/Notification are posted and ready for our review, could you please send out an email to all of us letting us know the documents are ready? Everyone in the cc line should be notified and have access to the Shaw site please.

For site work next week, please request access for Joe, Caleb, and Dan. Joe is helping with QA/QC, Caleb is helping to direct our contractor, and Dan may want to attend for toxicological concerns. Mat and Pete have badge access through the end of Dec. We're not sure if Dan will want to be on site next week since he's been out; I requested access for him just in case since he hasn't been a part of the meetings last week and may want to see it first-hand. We likely will need two Aerojet escorts Tues-Thurs; Mat/Joe will be observing sample collection and mobile lab work while Pete will be placing duplicate Summa samplers.
EPA coverage on site at Aerojet next week:

Tues 12/20: Pete, Joe, Caleb
Weds 12/21: Pete, Mat, Caleb
Thurs 12/22: Pete, Mat Caleb

Meeting place Tues, Weds, Thurs 20-22 Dec 2016:

2001 Aerojet Rd, Rancho Cordova, CA

Park & check in at Visitor Control (Bldg 20020)

Exit 50 E at Aerojet Rd (after Hazel) and go south; Visitor Control is off Aerojet Rd to the left, just before the guard shack in the middle of the road.

Meeting time @ Visitor Control:

Tues 12/20: 8 am

Weds 12/21: 5 am

Thurs 12/22: 5 am (assumed?)

Please update the group if there are any changes to the above, Chris. And please give me a call if needed.

Thank you,
Lynn
